Texas Eastern (TETLP)

ENBRIDGE

This map has been compiled from the best existing sources available at the time of preparation. However, Enbridge Inc., Enbridge Energy and/or its affiliates and/or subsidiaries do not guarantee the accuracy of the map or assume responsibility of liability for any reliance thereon.

The map displays the Texas Eastern Transmission, LP (TETLP) pipeline system across several states. The main map shows the route from the northwest near Indiana and Ohio down to the south near Alabama and Georgia. Key cities labeled include Fort Wayne, Indianapolis, Louisville, Lexington, Nashville, Knoxville, Chattanooga, Huntsville, and various locations in Ohio like Gas City, Columbus, and Akron. The pipeline is marked with numerous numbered interconnect points (e.g., 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76). An inset map in the bottom right corner provides a detailed view of the southern section of the pipeline, showing its proximity to Pittsburgh, PA, and the Ohio/Pennsylvania border, with additional interconnect points like 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100.
